HIGHWAY COMMISSIONER'S REPORT:

Highway Commissioner Recupito brought up the matter of the big problem for the Board and an employee of the Highway omission that the residents believe we should be clearing all the big fallen trees that thew se tree cutting services are just dumping on the properties and ditches. He just wanted to make sure the Board was behind him, and he was gone to drop off a short but simple letter once the township cleaned up the ditches and the township's right way informing this is the last time this will happen. In general, the homeowners are supposed to clean this up themselves but with the severity of the storm and the illegal activities done by unethical and illegal tree trimming services he was forced to help them out. Highway Commission decided to help the residents to clean up some of the mess left by these services. He plans on hand delivering to the homeowners directly the letter stating the rules and ordinances set by the Will County Board and Highway Commissioners. If they were available, he was going to inform them what the policy is. There were some great suggestions by the elected officials and Supervisor Liccar. All board members were backing The Highway Commissioner's plan of action. We all thank him and his crew for the tremendous job they did in this tumultuous storm. Supervisor Liccar was going to compose a letter with the help of Carol Millsap for Highway Commissioner to review and approve.

A motion was made to direct Supervisor Liccar to compose letters of correspondence with a brochure stating the Township's policy about fallen trees that will be given to the homeowners or placed in their mailbox once their area was cleaned by Trustee Elton, seconded by Trustee Hawkins. All were in favor.

Roll as follows: Trustee Elton - yes, Trustee Hawkin - yes, Trustee Sterdivant - yes, Supervisor Liccar – yes. Motion passes.

ADJOURNMENT
