Township Meeting Notes:

- We are focusing on the neighborhood adjustments if needed for the quad year being in 2023. Every parcel will receive a notice letting the owners know the current value for their property.
- I have started to reach out to homeowner's associations to meet with them about the quadrennial notices that are going to be mailed in August. The plan is to explain the purpose behind the notices, the specifics for the neighborhood, and tools that can help through the process.
- We are drawing and figuring all of the field staff work to add the neighborhood studies.
