

TOWNSHIP OF CRETE

Office of the Assessor
Mary Margaret Tamez

May 13, 2026

Township Meeting Notes:

- We are in full swing with exemptions. I do not have a count of all, but I am certain we are well into 300's. We will be hosting our Exemption Renewal Event along with the Will County Supervisor of Assessments Office on May 15th here at the Township Hall. That event will be from 10:00-2:00.
- We have been working with taxpayers that have been calling in about their property tax bills. I feel that there is so much information that is being said on social media by many (some officials included) that I am thinking of putting together some forums to speak on the assessment cycle. This has just sparked a thought this week and I am hoping to have it all put together and set up to post in the newsletter.
- In the next few weeks our field staff will be back measuring our neighborhoods. There is quite a bit of work for them this summer. We have had lots of new construction for our area and I am looking forward to getting that on the books to generate new assessed value!
- Leigh is drawing the field staff work, entering permits, and exemptions.
- Paige is working on sales and deeds.
